Linktera Bilişim Teknolojileri Şirketi

Linktera Information Technologies Inc., founded in 2011, is one of the leading and fastest growing professional services companies in Turkey. Linktera operates successfully on various domains such as Business Intelligence, Analytics, Financial Technologies and Consultancy, by providing broad range of services and cutting edge solutions to leading companies and institutions domestically and abroad. We are looking forward to strengthen our team consisting of a wide range of -TaLeNtS-. If you believe that this is the right time to challenge yourself, you are very welcome to our Team!

We are currently seeking Junior Technical Analyst(s) for our Risk Management Domain.

As required by the role,

You have:

- Insurance industry experience is a plus.
- Enthusiasm for building a successful career path in InsureTech & Consultancy Industry.
- Familiarity with statistical and mathematical expressions.
- Strong Excel, Word, PowerPoint Skills.
- Basic understanding of programming and database concepts.
- Excellent communication skills (verbal and written).
- Fluency in English (verbal and written).

You will:
• Assist our team and participate in the delivery of financial service consulting projects in Insurance Industry.
• Provide necessary documentations/presentations related to on-going/completed projects or R&D activities.
• Work together with business (Finance, Product Management etc.) departments to analyze new business requirements and processes.
• Work closely with project management, product management, development, and testing teams to ensure high-quality implementation of the defined solutions.
• Work closely with the insurance companies to understand their “as is” business processes, architecture and insurance products and work with the customer to define the “to be” state using SAS as the base as well as to gather requirements and in turn define, document, and present the solutions back to the customer.

As a candidate,

You are:

• An outstanding team player, autonomous, dynamic, result oriented, rigorous and committed.
• A passionate and self-motivated quick learner, who can work with minimum supervision.
• A problem solver with analytical mindset.
• An extrovert who can communicate and share ideas easily.
• A solution-oriented thinker who can exercise independent judgement and prioritize work.
• Flexible in terms of working hours and able to execute against tight deadlines.
